THE CATHEDRAL FOUNDERS SOCIETY

The Cathedral Founders Society is an honorary society of Cathedral friends who have chosen to support the life and work of Washington National Cathedral through charitable bequests, life-income gifts, trusts, and other planned giving arrangements.

The Cathedral owes its existence to the generosity of many hundreds of friends over the past century. The preservation of its buildings, its ministry to hundreds of thousands of visitors and worshipers each year, and the success of its programs all depend on such continuing support. Members of the Cathedral Founders Society play a crucial role in providing for the Cathedral's future through their gifts. In gratitude for these donors' far-reaching generosity, the Cathedral accords them special recognition—including a distinctive lapel pin in the design of the Cathedral's shield, the crossed keys and sword.
